Ross,

These are records that I could locate related to the John Hall response, but it is not clear to me that they are all responsive. I am forwarding them to be as conservative as possible in replying.....c

---

Attached is a copy of a letter which was forwarded to me as a courtesy from Amber Thornhill of Hall and Associates. The

letter is addressed to Lisa Jackson and Arthur Elkins (Inspector General). The letter is accusing the Region of scientific misconduct. The letter requests that EPA HQ take the following actions:

1. Due to the severity and quantity of violations, we request that (1) arranged with the Administrator's office to discuss the matter and a review of Great Bay Estuary matters be withdrawn from Region I and to an independent panel of experts who can evaluate the scientific basis that is the foundation of the Region's position.
2. We further request that Region I's actions be reviewed by the Office General.

Hi Stephen,

Are there talking points Dana Thomas should forward to her manager Betsy Behl? This is the the timeline for 303d Listing and proposed numeric criteria development if you need it.

thanks,

Steve

Arnita, we noticed that this meeting got rescheduled for next Thursday 6/28. We just wanted to make sure that the appropriate folks were included in this meeting since the OW lead on this issue is OWM with OST playing a supporting role. If they are not already, can you please add the following folks to the meeting next Thursday? This first three are senior managers from OWM. Please make Elizabeth Southerland (Betsy) optional. Thank you!

### Meeting with NH Great Bay Municipal Coalition

Thu 06/28/2012 2:00 PM - 3:00 PM

Attendance is **required** for Elizabeth Southerland

Chair: **Arnita Hannon/DC/USEPA/US**

Location: **(b) (6)**

Required:

Carl Dierker/R1/USEPA/US@EPA, Curt Spalding/R1/USEPA/US@EPA, Elizabeth Southerland/DC/USEPA/US@EPA, Nancy Grantham/R1/USEPA/US@EPA, Nancy Stoner/DC/USEPA/US@EPA, Sarah Pallone/DC/USEPA/US@EPA

Description

Personal Notes

Topic: Nutrient Permitting; Great Bay Estuary

**Expected:** At least 2 mayors (names pending); several city managers; support staff; city attorneys/loc:

**Portion of Background from Region I**

**Issue:** John Hall, on behalf of the Great Bay Municipal Coalition, sent a letter to the Administrator, dated May 2012, regarding "misconduct" and requesting: 1) a meeting with the Administrator's office to discuss the matter and 2) further request for an independent panel of experts who can evaluate the scientific information this is the foundation of the Region's decision. The matters are not withdrawn from Region 1.

**Discussion:** Region IX believes Mr. Hall has seriously mischaracterized what has played out over the past 4-5 years regarding draft numeric nutrient criterion and EPA's subsequent development of draft NPDES permits for three municipalities. Region IX stand ready to assist OW's review of the record and response to Hall's letter.

## **HOLD: Meeting with John Hall, New Hampshire Great Bay Municipal Coalition**

**Wed**

**06/06/2012 2:00**

**PM - 2:30 PM**

Attendance is for Elizabeth Southerland

Chair: **Arnita Hannon/DC/USEPA/US**

Location: **(b) (6)**

Required:

Carl Dierker/R1/USEPA/US@EPA, Curt Spalding/R1/USEPA/US@EPA, Doug Gutro/R1/USEPA/US@EPA, Elizabeth Southerland/DC/USEPA/US@EPA, Ellen Gilinsky/DC/USEPA/US@EPA, Nancy Grantham/R1/USEPA/US@EPA, Sarah Pallone/DC/USEPA/US@EPA

### **Description**

Topic: Nutrient Permitting Issue (Technical and Policy)

John Hall represents the New Hampshire Great Bay Municipal Coalition. The following towns are members of the coalition: Dover; Exeter; Newmarket; Portsmouth; Rochester. We have asked that representatives from those towns dial into the meeting. We are awaiting a confirmation from Mr. Hall of who from each town will participate.

This is a Calendar HOLD ONLY - pending response from Hall confirming that towns will participate.

**Cc:** Rodney Elliott; Doug Gutro  
**Subject:** Great Bay Update for Senator Shaheen

Sarah --

Let us know if this works for the meeting next Tuesday.

Thanks

ng

There was a meeting scheduled with Dover (at their request in Dover) for Monday August 6th which was cancelled due to an unexpected family matter on the part of our staff. We are trying to reschedule for early September in Dover.

We expect that HQ will be responding to the Coalition's letter(s) within the next few weeks. Vacations may have slowed the response down some, as well as multiple submittals from the Coalition which add to the review time.

Although we have been mostly engaged with Newmarket and Exeter to this point, we fully expect that a permit schedule and adaptive management approach can be achieved in Dover that will address point source nitrogen control, continue to address non-point sources and **not** result in undue financial hardship for Dover.

Our conversations with other communities including Durham and Newington are continuing and include topics such as integrated permitting strategies that consider point source/non point source and regulated stormwater controls.

We are very sensitive to cost impacts and the value in assessing initial point source upgrades and measuring their effectiveness prior to requiring more stringent controls.

A recent letter to Portsmouth indicating their next permit will likely contain a limit of 8 mg/l for total nitrogen is a special situation based on the location of that discharge and available data for assessing the impacts of that discharge.
